# You can rely on Dorplan

---

Dorplan is one of the UK's leading specialist doorset providers, offering a single source for your fire, security and acoustic doorsets, and combining this with a wide range of architectural ironmongery - with over 30 years of expertise behind it.

We are committed to producing certified doorsets to the highest quality and compliance.

## Dorplan

Certified Doorsets | Delivering Assurance

**EXPA-FIT**  
THE PERFECT FITTED SYSTEM

A fully-finished door, frame, architrave and ironmongery in one package.

CNC-machine and factory assembled, supplied as pre-hung doorsets, fully assembled and ready to hang with simple to fix stops.

# PuraDor

Our comprehensive range of third party accredited doorsets cover all sectors and project types

## Security

High-performance PAS24/SBD doorsets.

## Veneered & Painted

Comprehensive range of internal doorsets.

## Laminate

Hygienic and impact resistant doorsets.

## Acoustic

Doorsets achieving 29-55db ratings.

## Riser

Access doorsets for utility services.

## Temporary

Short-term access doorsets.

# High Performance Retrofit Fire Doorsets

We're partnering with clients and installers to deliver compliant buildings to protect and save lives.

SignetFire is the ultimate choice for high performance fire door solutions in the industry.

Designed to meet and exceed industry standards, SignetFire offers a comprehensive door package that ensures optimal fire safety without compromising on functionality or aesthetics.

Whether for commercial, industrial, or residential applications, SignetFire stands as the ultimate solution for superior fire door performance.

# SignetFire
